Katch Kan®

Hose

Problem

- The need for a discharge hose

Solution

This hose allows for the controlled disposal of fluid from 2nd Stage Low Profile Load Rated Katch Kan™, to a destination determined by the operator.

Value

- May also be used as hydraulic suction and return line
- Invert resistant
- Corrugated re-inforced
- Designed for use with all drilling fluids
- Redirects fluid back to the mud-tank, holding tank or cellar

Specifications

- Available in 2", 3" and 4" inner diameter
- Recommended COUPLING: cam and groove

Custom lengths are available

Item	Part #
